

**Low Smoke Audio, Control and Instrumental Cable****22 Gage**

Stranded Conductors (7/AWG30)

**Part Number** : **8723-ZH****No. of Pairs** : **2****Construction:**

Tinned copper conductors, polyethylene insulated, twisted pairs.

Each pair individually shielded with aluminum-polyester foil

24AWG stranded tinned copper drain wire

Low Smoke and Halogen free material (DW8523) outer jacket

IEC 60332-1, IEC 60332-3-24, IEC 61034-2, IEC 60754-1, IEC 60754-2

**Specifications**

Nominal Impedance : 45 ohms

Insulation Thickness : 0.38 mm

Nominal O.D. :  $4.10 \pm 0.2$  mm

Nominal Velocity of Propagation : 66%

Nom. Conductor DC Resistance @ 20°C : 14.7 ohms/1000ft

Ind. Pair Nominal Shield DC Resistance @ 20°C : 15 ohms/1000ft

Nominal Capacitance : 115 pF/m  
(between conductors)Nominal Capacitance : 203 pF/m  
(between one conductor and other conductors connected to Shield)
