

22 Gage

Stranded Conductors (7/AWG30)

Polyethylene Insulated
Part Number : 8761-ZH

Construction:

Tinned copper conductors, polyethylene insulated, twisted pair.

100% shield coverage (aluminum-polyester foil)

22 AWG stranded tinned copper drain wire

Low smoke and Halogen free material outer jacket (DW8523)

IEC 60332-1, IEC 60332-3-24, IEC 61034-2, IEC 60754-1, IEC 60754-2

No. of Pairs	:	1
Insulation Thickness	:	0.41 mm
Jacket Thickness	:	0.64 mm
Nominal O.D.(min.)	:	4.30 mm
Nominal Impedance	:	64 Ohms
Nominal Capacitance <i>(between conductors)</i>	:	77 pF/m
Nominal Capacitance <i>(between one conductor and other conductors connected to Shield)</i>	:	151 pF/m
