

**Utilisation :**

Internal distribution of voice and data transmissions.

Enhanced performance for hi-speed (medium to high band) data transmission.

Construction :

Conductor	Stranded tinned copper wires (16/0.16mm x 2 cores), twisted pair
Insulation	Polyethylene
Shield	Spiral wrapped tinned copper wires (64/0.12mm)
Sheath	Low Smoke and Halogen free material (DW8523) IEC 60332-1, IEC 60332-3-24, IEC 61034-2, IEC 60754-1, IEC 60754-2

Dimensions :

Conductor Diameter	0.64mm (AWG 22)
Insulated Core Diameter	1.91mm
Overall Diameter	5.84mm

Specifications :

Insulation Resistance	Min. 5 Megaohm/km
Operating Temperature	-20°C to +60°C
